

# INFO

## KELDERMAN EN VAN NOORT

Renting one of the spaces in KEVN not only means that your activity takes place in a creative and cool environment; you also support KEVN's activities. By renting out our public spaces we make other activities possible. Your event takes place in a lively environment at the same time as other (cultural) programs. There are many possibilities and we can deliver customized solutions.

KEVN can be found in Woensel West, Eindhoven. Directly next to Strijp-S train station. There is parking space (limited but free).

This document provides you with all the information on our packages, the rates and capacity. You can contact Sjors to rent spaces. Please indicate when you want to plan the event, the start and end time, the number of visitors you expect and whether there are any special wishes such as a projector, lamps or catering.
